

Action number: CA23113

Applicant name: Eliana Maria dos Santos Portugal

Virtual Mobility Details

Title: Climate change impacts on mental health in Europe (CliMent)

Start and end date: 13/10/2025 to 31/10/2025

Communication Activity

As part of the COST Action CA23113 - Climate change impacts on mental health in Europe (CliMent), I participated in a Virtual Mobility Grant within Working Group (WG1) which is dedicated to identifying sociodemographic and health-related factors that influence the mental health impacts of climate change, with a particular focus on eco-anxiety.

Within WG1, I worked with the coordinators Silvia Luís (Portugal) and Ivana Tutić Grokša (Croatia) contributing to the organization of the systematic review process and also with other WG1 members.

Participating in an international network and collaborate with multidisciplinary researchers from Portugal, Ireland, Iceland, Croatia, and much more was a highly valuable experience that offered significant professional growth and an opportunity to learn.
